8-5-80 Cassette Tape of Numerology Reading - John Davis

On 8-5-80 John Davis did a numerological reading for John Fetzer and Carolyn Dailey. John Davis was head of the Coptics. Davis was in Grand Rapids.

When Jim Gordon started coming to Michigan in the late 70s it was to speak at the Coptic Conventions. Jim would stay with Mike Wunderlin - Wunderlin was friends with Mike Gergely, and it was through this connection that Jim Gordon met John Fetzer. I assume it was Jim who put John (and Carolyn) in touch with John Davis, who had written a book on numerology.

The reading took place in John's office at Broadcast House. It was for the most part 'the usual', not remarkable. But I (Tom Beaver) transcribed a few interesting comments, below.

++++++

Davis, to John: "You were a leader in past lives ... you were dominant ... "

JEF: "The degree of success that I've had ... I have a tendency to want to listen to an inner voice -- call it what you will, creative intelligence, Holy Spirit, what have you. That voice to me is much more important than the voice that comes from others, giving me advice. I'm guided by that intuitive something, whatever that is - I've used that all my life as far as I can remember."

Davis: "This is the most important year (1980) in a 9 year cycle for you ... decisions you reach this year will have an ultimate effect for 9 years ... it's a very important year, plant the right seeds ... it's a year for you to receive inner guidance from the higher plane, to say this is what I'm to do ... and this will

dictate and follow you all through your life -- the seeds you plant this year ... will grow into this blooming process that this year will bring about."

Davis: "As John Perry Fetzner (a name that was used, or discussed, for John by his family): your past lives of being a minister, high priest, hierophant or whatever you were - maybe you really came back to do that again - not necessarily with a robe on - a robe of light that you have come to project this time. The Perry would fit."

Then, Carolyn - (the more interesting reading was hers, actually.)

Davis: "You're entering into a period of service, ... at 53 (years old, 1994) you'll have a big revelation ... you being the visionary ... your destiny is a master number - mastery of all levels of being ... this is why you (John and Carolyn) are together, to bring this visionary quality into manifestation what I've learned about your past lives, you have all this accumulation of wisdom to bring into reality. You're just learning leadership ... service can be at any level on this planet - city, state, national, international - don't just set your sights to a lower level. From 54 (1994) and for the rest of your life, it's right there. Your shyness will pop up - should I share what I know? John: "I guarantee she'll be over it."

Davis: "I think she's over it." JEF: "I do too." Davis: "Here's this visionary who's very service oriented, very giving oriented ... she's going to do ever greater things with her life than she's doing up to this point -- she's going to be given the opportunity. She's going to go through high spiritual initiations, which she's gone through in other lives. This has already happened in the other planes of consciousness - dream state, in your meditation, on the higher planes of consciousness that you're unaware of. Now this is all coming into you know, all coming back. This year is a year of Christ Consciousness potential, of initiation into Christ Consciousness potential."

Davis: "Two people spiritually growing together ... it's obvious why the two of you are together - the numbers for you two fit together like Mutt and Jeff; it's a

beautiful thing."

Davis: You rejected "Caro" (the first part of her name; she went by "Lynn" at this time) ... Part of the rejection is that inner life. You're so involved in your outer life - you had so much inner experience in other lifetimes, that in his lifetime, up to this point, you've rejected it a little bit. Is that possible? Carolyn: "Yeah (hems and haws). JEF: "I'm *very* sure it's possible. In fact I've tried to suggest to her to get back in - she gets back in there, she can drag me in there."

Davis: "You've rejected it, in your mind. The fact that you *are* a leader ... that's the 'Caro'." JEF: "We were both Transcendental meditators." Davis: "It's a beautiful course. But you've gotten away from it ... but you go back to it in times of crisis, you go within. ... it's THE key to ascension, meditation. Anything a Moses, a Buddha, a Mohammed went through, was all on the inner plane of consciousness, all on the inner levels. The outer level is merely illusionary."

JEF: "That's the reason you see that over there (a statue of Buddha) .. that came out of the Cleveland Museum.... I classify it as one of the finer Buddhas in the Western world."

Davis: "Your lineage (of lifetimes) probably goes back to Indian as well. Does it?"

JEF: "Tibet. ... I've been told I was a Tibetan priest. Earlier you asked a very interesting question ... what we were doing at the time of Jesus. You want to tell us?"

Davis: "What the two of you were doing? I feel you both were Essenes ... that you were very close to what was happening there."

CD: "I've felt that." JEF: "I have too."

Davis: "You were very close ... this is why the information I gave you about the Messiah the other day ... the Essenes were very close prior to the coming of Jesus; and we're very close prior to the coming of a Messiah here, to kick off the Aquarian age. So this has not happened by chance - that you were drawn together, through Egypt, and the Great White Brotherhood, and then the Essene Order, and then into this Age. You probably were very close with the Buddhic

lineage, which is only 500 years before Jesus - there was an incarnation back into that - probably close to Buddha."

JEF: "Probably."

Davis: "Then back into the Jesus thing. And now, with this new Messianic figure that will be coming up in this next 20 years again - the same thing. Your awareness of, your acceptance of the event." JEF: "In your situation - the new Christ is already here?"

Davis: "He's here, yeah, he was born in '49. He's here now."

JEF: "What is his name?"

Davis: "I don't know his name now."

JEF: "The reason I ask -- we had a book around here the other day, Through the Eyes of the Master. I've had it around the house for a long time and got it out the other day. There's a picture, drawings, that have been given, by 8-10 Masters (of the Great White Brotherhood; this was a book of channeled pencil sketches by a Theosophist, David Anrias) ... I noticed that one in here (Maitreya)."

(TJB: And JEF had a couple years earlier spoken to Ken Killick in a letter as if *HE, Killick*, might be Maitreya - JEF had said in that letter that Killick 'spoke to us like Maitreya', something like that).
